ABOUT ME

BSc Computer Science graduate with experience as a Flutter Developer at First Logic Meta Lab. Seeking a beginner role to enhance and explore my technical knowledge gained at Calicut University in the last three years.

WORK EXPERIENCE

Flutter Developer 2021 - 2022

First Logic Meta Lab | Internship

- Developed mobile applications using Flutter and Firebase.
- Created a WhatsApp clone application with real-time messaging and encryption features.
- Contributed to the development of a blog application using HTML, EJS, Express.js, Node.js, and MongoDB.
- Collaborated with cross-functional teams to ensure project success.
- Gained valuable experience in software development and mobile app design.

ACADEMIC PROJECTS

The Online Fashion Stylist

- Designed and implemented "The Online Fashion Stylist" application to provide users with an automated online styling experience.
- Offered personal shopping, virtual assistant, wardrobe planning, and fashion concierge services.
- Ensured a customer-friendly experience throughout the user's journey.
